Cyber Collaboration Where It Counts

WHY JOIN?

Cyber Collaboration Where It Counts

We are a conduit for intimate discussions and non-partisan thought leadership from the cyber community.

Members actively contribute to roundtables and reports to:

- Improve the Nation's cyber posture
 - Bring management and technical expertise to bear on major issues that impact our security and economy
- Gain insights on trends in the cyber community
 - Identify national priorities and collaborative opportunities
- Have an outsized impact
 - In an intimate and focused setting, shape solutions to challenges that cut across specific programs and corporate objectives

cyber
collaboration

Cyber engagement from across the table.

OVER 10 YEARS IN ENGAGEMENT IN OUR NATIONS CAPITAL.

An independent, executive-level organization, WCR provides a venue for identifying research, development, and deployment priorities; disseminating best practices and lessons learned; and enhancing the cybersecurity posture of the public sector.

WHAT WE DO

- Provide a non-attribution environment and conflict-free mechanism for the public sector to access the expertise of industry
- Moderate roundtable discussions led by government officials to discuss the discrete cyber challenges they face
- Conduct – in coordination with government partners – voluntary member-led projects that deliver solutions to those specific government challenges

HOW WE OPERATE

- NOT FOR PROFIT FUNDED BY MEMBER DUES
- NO GOVERNMENT FUNDING
- NO LOBBYING ACTIVITIES
- FOCUSED, TAILORED, IMPACTFUL PROJECTS
- ACCESSIBLE ACROSS FEDERAL, STATE, AND LOCAL GOVERNMENTS
- PROGRAMS SHAPED BY MEMBER OBJECTIVES AND INTERESTS

Work with government to solve cyber issues.

CATAPULT CONSULTANTS -

"WCR is an invaluable source for cyber professionals looking to directly engage national level cyber leaders."

FORTALICE SOLUTIONS -

"WCR is a great venue for information exchange between government and industry. What we love about WCR is that it is an intimate, small, group setting, where participants share insights on the most challenging cyber issues."

PURPOSE

- An industry liaison group dedicated to enhancing the vitality and security of cyberspace.

COMPOSITION

- A non-profit, 501(c)(6) organization comprised of leading technology innovators, professional services firms, and systems integrators.

ENGAGEMENT

- A vehicle for the public sector to constructively engage business executives and technical experts to address cyber challenges related to security, policy, technology, analysis, and training.

MEET THE MOST PROMINENT CYBER LEADERS IN THE NATIONAL CAPITAL REGION.

At Washington Cyber Roundtable you have direct access to decision makers who learn from you as you learn from them.
